

Privacy Screen 22"W (16:10)

ASF220WEU

Description

Protect the “data” on your visible screen in the office.

There are some things in life that are great to share. Important company documents are not amongst them.

The digital age has replaced traditional paper documents and photographs with electronic files and digital pictures. So protect whatever information is on your screen from wandering eyes with a Targus Privacy Screen. The Privacy Screen is a micro slim film that covers the LCD screen and only allows normal viewing from directly in front of it, whilst also reducing glare from the screen and protecting it from damage.

Features

- Protect the information on your screen display from unwanted viewing
- Protects the screen display from scratching and damage
- Anti glare – Non reflective screen helps reduce eyestrain
- Easy to attach (and can be detached as needed)
