

# LOGITECH ROOM SOLUTIONS FOR MICROSOFT TEAMS

Microsoft® Teams Rooms transforms any space to a Teams meeting place with one-touch join, easy content sharing, and center of room control for Microsoft Teams and Skype® for Business meetings. Now, Logitech® makes it easy for IT to deploy these benefits to meeting rooms of all shapes and sizes with pre-configured systems and expert support resources.

Logitech Room Solutions for Microsoft Teams include everything you need to build out conference rooms with one or two displays. Available in small, medium, and large configurations, Logitech Room Solutions for Microsoft come pre-configured with a Microsoft-approved mini PC, a Logitech conferencecam with RightSense technologies, a PC mount with cable retention, and the Logitech Tap touch controller.

Systems arrive neatly packaged and ready for installation. A setup guide shows how components fit together, while an online wizard guides you through configuration step-by-step. If you need assistance with initial configuration and integration with your Microsoft infrastructure, Logitech JumpStart service provides access to additional resources and deployment experts.

With quality components, commercial-grade cabling, and innovations that automate a better user experience, Logitech Room Solutions for Microsoft Teams make it easy to deploy Microsoft Teams Rooms throughout the workplace.
