Same as above

MEDIUM COPY (PRODUCT ANNOUNCEMENT)

Turn your laptop into a dual video workstation with the compact USB-C Alt. Mode Dual HDMI 4K Docking Station with 100W PD Pass-Thru. Connect your USB-C-enabled devices to two HDMI monitors, while also connecting to a Gigabit Ethernet network, and plugging in your key peripherals — like mice, keyboards, flash drives, or hard drives — into the USB-A ports. Plus, access your data with the SD and Micro SD card reader/writer. You can even keep your laptop charged and powered by connecting the laptop USB-C power adapter to the USB-C port on the dock. This dock also provides transfer speeds up to 5Gbps per port. It supports up

to 100W (20V/5A) charging max. Compact and lightweight, it's easy to take it along with you anywhere you go.

ADDITIONAL CONTENT

4K UHD Display

Whether you want to run a presentation on a larger display or use an external display, this dual video docking station supports HDMI displays up to 4K.

Connectivity Made Simple

Enhance your productivity and connect to more with 2 USB-A 3.2 Gen 1 ports (1 fast-charging).

Charge and Power Host Device

With up to 100W Power Delivery pass-thru, this dock allows you to power and charge your USB-C laptop or host simply by connecting the laptop's power adapter into the USB-C port. Great for laptops with only one USB-C port.

Perfectly Portable

Slim and light, this dock is perfect for the home, office, or anywhere in between. Great for mobile workers or those in hoteling or hot desking environments.

Plug and Play Simplicity

With no need for additional software, this adapter easily attaches to your USB-C Alt. Mode (including Thunderbolt™ 3) host device (i.e., laptop) to help you connect to a wired network, more peripherals, and transfer data.
