# DELL Technologies

DELL 55 4K INTERACTIVE TOUCH MONITOR I C5522QT

Elevate your collaboration space.

BRINGING TEAMS TOGETHER

Actively engage with your teammates whether they are in the room or at a remote location with this brilliant 4K 55" monitor with 20-point touch, built-in dual 10W speakers and dual-tip stylus.

EXCLUSIVE TO DELL. INCLUSIVE FOR ALL.

Exclusive Dell Screen Drop feature, designed to improve reachability for users working from different heights.

CONVENIENT CONNECTIVITY, SETUP AND MANAGEMENT

Comprehensive connectivity options including USB-C®, easy installation and network manageability.

TRUSTED RELIABILITY

Dell monitors — World's number 1 monitor company*, backed by renown reliability.

Connect. Present. Collaborate.

BRINGING TEAMS TOGETHER

Captivate audiences anywhere: Actively engage your audience whether they are in the room or at remote location with this brilliant 4K interactive touch monitor. Expect consistent image quality from virtually anywhere in the room, thanks to the wide viewing angle enabled by In-Plane Switching (IPS) technology. Plus, integrated, dual 10W speakers deliver great sound for video and audio playback.

Striking clarity: Dell monitor technology optimizes fonts so visuals appear sharp and text is crisp while anti-glare and anti-smudge coatings reduce distracting reflections and fingerprints.

Easy on the eyes: Dell ComfortView reduces blue light emission to optimize eye comfort.

COLLABORATION AT YOUR FINGERTIPS

Instant engagement: With InGlass™ 20-point touch capability, multiple users can interact with the screen at the same time.

Natural touch: Annotate with your fingers, write with a stylus, or even erase written content with the palm of your hand — with virtually zero lag.

Improved stylus: Mimicking a more natural writing tool, the included stylus has an ergonomic, easy-grip design, a fine writing tip and a precise eraser.[1] It also magnetically attaches to the side of the display for safekeeping.

Co-create content: Touch functionality is compatible with most industry-standard software, such as included FlatFrog Board collaboration software.

Write naturally: Palm rejection allows users to rest their hands naturally onscreen without the unwanted marks for a more natural whiteboarding experience.

INCLUSIVE FOR ALL

Exclusive Dell Screen Drop: Improve reachability for users of different heights using Dell Screen Drop, the world's first accessibility feature**. Buttons at the side of the panel enable users to lower the displayed images to 3 different height settings so it's within easy reach.

SEAMLESS DESIGN

The power of USB-C: Get up to 90W of power delivery on your type-c port for uninterrupted charging of your devices.

All-in-one convenience: Seamlessly integrate an optional Dell OptiPlex Micro PC into the back panel and easily upload your preferred corporate image for a display solution that adheres to your company's security and service standards.

Simplify IT management: IT can solve issues and manage the display remotely thanks to a range of tools, including RS232, RJ45, HDMI CEC ports and the TCP/IP command set.

TRUSTED RELIABILITY

Minimize downtime: Your monitor comes with a 3-year Advanced Exchange Service[2] so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty.[3] You can also extend your coverage up to 5 years.

Get a higher level of support: Upgrade to 24x7, in-region technical phone support from qualified engineers with the ProSupport option.[4]

			Downstream port x 3	**11**	Security lock slot for the OptiPlex Micro Holder

---

RECOMMENDED ACCESSORIES

OPTIPLEX 7080 MICRO

Dell OptiPlex Micro enables an all-in-one like experience when combined with conferencing software. It allows video conferencing, whiteboarding, presentations and other applications to be run directly on the monitor or a very easy-to-use meeting experience.

LOGITECH MEETUP CONFERENCE CAMERA

A 120" field of view and integrated audio makes this all-in-one conference camera perfect for small conference rooms or huddle spaces.

CHIEF LARGE FUSION LSA1U FIXED WALL DISPLAY MOUNT

This robust mount with quick installation features secures heavy displays to protect user investments. Plumb adjustment helps vertically align the display.
